Description

Another Rocky Mountain favorite is the 5 drawer chest which looks great with the 6 drawer or 10 drawer dresser. We make this rustic piece with a blue pine top that is 1 1/2" thick with relief cuts on the inside to prevent cracking and splitting. The drawers have a great 1/2 log front on them with small log handles. We put full log trim down the sides to the wained edge base which runs around the sides and front of this piece. The drawer boxes are made of 7 ply birch which resists shrinking and swelling. For durability, we staple and glue the boxes together then set the drawers on glides. We use an oil/lacquer finish on this piece.

Please give us 4-5 weeks to build this great chest for you. 36" wide, 1'10" deep, 4'2" high.
