Description

This beautiful blue pine desk has log corners and antler handles for a great rustic look. The top has a waned front edge and measures 72" x 24" giving lots of room for your workspace. The drawers are made of birch ply to prevent shrinking and swelling due to weather changes. The drawers and cupboard are enhanced by the antler handles for the perfect look for your rustic home, cabin, ranch or lodge. The finish on this desk is boiled linseed oil and lacquer for a smooth and durable look. This American made desk is created right here in Coeur d'Alene, ID, and the dimensions are 72" x 24" x 31", but we can build it in the size and configuration you need.
