Description A great steel barstool, constructed in Mexico and covered in a thick, high quality leather. These are very popular with our customers, they like the thick padded seats, so comfy, and the high backs give good support. These stools have Mesquite Slat backs with inlay turquoise chip in the backs. The mesquite wood has such a warm brown tone and the seat swivels as well. These are solid and heavy, great barstools, and other leather colors are available.
